

Delta Psi Chapter Journalist Report

Fall/Winter 2020

Dear Sorors,

During our 2020-21 Sorority year we have had to adapt to the times of living thru a world-wide pandemic. Our current sorority theme is so appropriate at this unprecedented time. We have had to adjust our life in ways we could have never imaged. To adhere to CDC guidelines and safety procedures to decrease the odds of being exposed to the Covid-19 virus and possibly contracting the virus, we have made significant changes to how we do business as a SORORITY. However, due to all of this, we continued to do our best to live up to our motto and purpose as service organization. With that said, I will share some of our many endeavors during the current sorority year.

Special thanks to all who provided information and photos to share. Also know that many postings not noted here of our activities have been uploaded to the sorority's Facebook page.
