

**AMERICAN CANCER SOCIETY: MAKING STRIDES WALK – COBB COUNTY
OCTOBER 31, 2015**

(L-R) Sorors Patsy Pearson-Harvey, Sonda Bradfield, Brenda Moore, Elsie Jefferson and Rena Fletcher

Making Strides Against Breast Cancer walks are the largest network of breast cancer awareness events in the nation, uniting many communities with a shared determination to finish the fight. By signing up, fundraising, and participating in one of the three to five mile walks, Eta Phi Beta helps ACS be there for everyone in every community touched by breast cancer. Our support help those who are currently dealing with a breast cancer diagnosis, those who may face a diagnosis in the future, and those who may avoid a diagnosis altogether thanks to education and prevention.

This year's Making Strides event was an incredible and inspiring opportunity to unite, to honor and celebrate breast cancer survivors Brenda Moore (Walker), who earlier this month gave a presentation to raise awareness about the disease and provided information and encouragement to help Delta Psi take steps to reduce our risk of the disease or find it early when it's most treatable. Sorors Patsy, Sonda, Elsie and Rena volunteered in the Registration Tent.
